George Ernest	Wheatley 1891-1943	George was born in Coates (see his father's entry below) and was a Blacksmith in 1911. By 1939 he was a farmer based at Gravel House, Coates.

John Henry	Wheatley 1863-1907	John was born in Whittlesey and his father Henry was a Blacksmith there on the 1871 census: John was working with him in 1881. By 1891 John had moved to Coates and
		most of his children had been born. George Stor(e)y was his apprentice. He continued to work in Coates and his son Charles became a Wheelwright & Carpenter (later a
		coach body maker). John left a will which I shall obtain at some point.

		blacksmith								
Martha	Wheatley	Martha appears in the 1916 Kelly's Directory as a Blacksmith although she may have								
Ann	1862-1934	just been the employer. On the 1911 Coates census she wrote Blacksmiths (with the								
		final 's') and, 'own account' 2 columns later: the enumerator has annotated this with								
		the word 'employer'.								
Robert G. A.	Williamson	Robert still lived at Kings' Dyke, Whittlesey in 1939 (in the Register he is a								
	1901-1974	Blacksmith and Machine fitter). He had married Lucy Boon on 5 Apr 1926 at Coates,								
		the Boons being a well-known name in the village, hence the Coates connection.								
		The Coates baptism registers have this entry								
		9 Jun 1929 WILLIAMSON Jean Margaret of Robert George Arthur & Lucy								
		Louisa of New Star Houses Kings Dyke Whittlesey blacksmith born 17 Apr 1929.
